

**DECLARATION OF DR. MARC STERN, MD MPH IN SUPPORT OF PLAINTIFF'S
EMERGENCY MOTION**

On this 29th day of March, 2020, I hereby declare:

1. My name is Marc Stern. I am a board certified internist specializing in correctional health care. I have managed health care operations and practiced health care in multiple correctional settings. Most recently, I served as the Assistant Secretary of Health Care for the Washington State Department of Corrections. In terms of educational background, I received a Bachelor of Science degree from State University of New York (Albany) in 1975, a medical degree from State University of New York (Buffalo) in 1982, and a Master of Public Health from Indiana University in 1992. I am an Affiliate Assistant Professor at the University of Washington School of Public Health.

2. On a regular basis, I investigate, evaluate, and monitor the adequacy of health care delivery systems in correctional institutions on behalf of a variety of parties including federal courts. My prior experience includes working with the Office of Civil Rights and Civil Liberties of the U.S. Department of Homeland Security; the Special Litigation Section of the Civil Rights Division of the U.S. Department of Justice; and state departments of corrections and county jails.

3. Through 2013, I taught the National Commission on Correctional Health Care's (NCCHC) correctional health care standards semi-annually to correctional health care administrators at NCCHC's national conferences. I authored a week-long curriculum commissioned by the National Institute of Corrections of the U.S. Department of Justice to train jail and prison wardens and health care administrators in the principles and practice of operating safe and effective correctional health care operations, and served as the principal instructor for this course.

4. In the past four years alone, I have been qualified as an expert in several

jurisdictions on correctional health care systems and conditions of confinement. My full *curriculum vitae* is attached hereto as Exhibit A.

5. I am not receiving payment in exchange for providing this affidavit to the D.C. Public Defender Services regarding appropriate correctional healthcare measures during the COVID-19 pandemic. In light of the emergency conditions occurring in jails and prisons across the country, I am providing my services *pro bono*.

6. Due to the recent COVID-19 pandemic affecting the nation and world, I have familiarized myself with the virus from a clinical perspective, including its causes and conditions, its transmission – especially in crowded and unsanitary conditions – and its ability to quickly spread through correctional facilities.

7. In the context of a pandemic like the one we currently face, public health and public safety interests are closely intertwined. When and if correctional staffing challenges arise due to the need for staff to quarantine, seek treatment, or care for dependents, managing internal safety in carceral settings becomes even more challenging. Understaffing in the correctional setting is dangerous for staff as well as incarcerated people, and the stress and fear of the current crisis only serve to increase those risks.

8. I have reviewed the March 25, 2020, letter sent from the union to the D.C. DOC, spelling out in the public health dangers at the D.C. DOC. If accurate, such conditions heighten the urgency of addressing these problems.

9. For example, if true, the grievance's allegations that correctional officers responsible for receiving and overseeing inmates do not use, or sufficient, personal protective equipment (PPE) for use when indicated,¹ and that officers are not required to participate in social distancing during shift changes, raise serious concerns that those officers may contract and transmit COVID-19 to their co-workers, families, and inmates in the facility. Accordingly, reducing the number of inmates with whom those

¹ Grievance at 3.

correctional officers must interact will reduce the risk that those correctional officers will contract COVID-19 or transmit it to others in the community.

10. I have also reviewed the declarations of four inmates detained in DOC facilities. As with the union's grievance letter, the inmates' allegations, if true, heighten the urgency of taking immediate and aggressive action. For example, the housing of multiple inmates within a single cell and lack of adequate cleaning supplies increases the probability that COVID-19 is already spreading throughout the facilities. Accordingly, housing only one inmate per cell and either providing sufficient cleaning supplies or reducing the amount of space requiring thorough cleaning will decrease the virus's ability to spread within DOC facilities.

11. In light of the conditions described in the documents that I have reviewed, the four confirmed cases of COVID-19 inside of DOC facilities, and the apparent resource-shortages facing the DOC, I am even more firmly convinced that downsizing the inmate population as much as possible will reduce the risk of contraction and transmission of COVID-19—and the attendant risks of serious harm and death—within DOC facilities and the communities around them.

12. Thoughtful downsizing should be implemented in tandem with aggressive, responsive prevention measures that are developed and guided by public health and medical experts.

13. Institutional settings such as jails, prisons, shelters, and inpatient treatment programs are congregate environments where people live, eat, and sleep closely together. In these environments, infections like COVID-19 can spread more rapidly. Downsizing jail populations serves two critical public health aims: (1) targeting residents who are at elevated risk of suffering from severe symptoms of COVID-19; and (2) allowing those who remain incarcerated to better maintain social distancing and avoid other risks associated with forced communal living. Because vulnerable populations are at the highest risk of severe complications from COVID-19, and because when they develop severe complications they will be transported to community hospitals—thereby using scarce community

resources (ER beds, general hospital beds, ICU beds)—avoiding disease in this population is a critical contribution to public health overall.

14. Downsizing jail populations by releasing high risk individuals and others the court system deems eligible for release will help to “flatten the curve” overall—both within the jail setting and without. Early reporting on the impacts of COVID-19, based in part on preliminary data emerging from China, seemed to indicate that the virus’ impact would remain relatively mild for younger people. Recent data released by the CDC suggests that this initial narrative is incorrect, and that adults aged 20-44 also face a risk of experiencing severe health outcomes as a result of contracting the disease. The CDC released data based on the reported cases in the United States between February 12 and March 16, 2020. This data showed the thirty-eight percent (38%) of the hospitalizations from coronavirus occurred in patients under 55 years old.² French health officials have released statements saying that half of intensive care admission in that country involve individuals under 65. In the Netherlands, half of intensive care admissions were for people under the age of 50.³

15. While the highest risk of death remains among the elderly, it is becoming clear that younger individuals are not protected from severe complications requiring hospitalization and placement in intensive care, using valuable community resources that are expected to become more scarce.

16. At the same time criminal justice authorities work to downsize jail populations, it is critical that the D.C. Department of Corrections, the D.C. Department of Behavioral Health, and any other public agency responsible for maintaining congregate living conditions of detained individuals in the D.C. system immediately undertake the following prevention and planning measures:

² *Severe Outcomes Among Patients with Coronavirus Disease 2019 (COVID-19) — United States, February 12–March 16, 2020*, available at

https://www.cdc.gov/mmwr/volumes/69/wr/mm6912e2.htm?s_cid=mm6912e2_w

³ <https://www.washingtonpost.com/health/2020/03/19/younger-adults-are-large-percentage-coronavirus-hospitalizations-united-states-according-new-cdc-data/>

- a. **Immediate testing.** Patients who require testing, based on public health recommendations and the opinion of a qualified medical professional, should be tested for COVID-19.
- b. **Immediate Screening.** Correctional authorities must be required to screen each employee or other person entering the facility *every day* according to current CDC or local health department guidelines. A record should be made of each screening.
- c. **Quarantine.** The jail must establish non-punitive quarantine for all individuals believed to have been exposed to COVID-19, but are not yet symptomatic, and non-punitive isolation for those believed to be infected with COVID-19 and potentially infectious. Any individual who must interact with those potentially or likely infected with COVID-19 must utilize protective equipment as directed by public health authorities. In short, every possible effort must be made to separate infected or potentially infected individuals from the rest of the incarcerated population. Individuals requiring continued quarantine, isolation, or health care after release from incarceration should be transferred from the institution to the appropriate outside venue.
- d. **Institutional Hygiene.** The jail must be required to provide adequate sanitation of high use/high touch areas and cells in accordance with CDC or local health authority guidelines.
 - i. This includes a prompt way to dispose of tissues used by incarcerated individuals as well as staff.
- e. **Personal Hygiene.** The jail must be required to provide hand soap, disposable paper towels, and access to water to allow residents to wash their hands on a regular basis, **free of charge** and ensure replacement products are available as needed. Correctional staff should be allowed to carry hand sanitizer with alcohol on their person, and residents should be allowed to use hand sanitizer with alcohol when they

are in locations or activities where hand washing is not available.

i. Inmates should be permitted access to cleaning supplies so they may clean their individual cells. This will both keep cells cleaner, and also stem panic amongst the incarcerated population.

f. **Access to treatment.** It is critical that inmates have rapid access to responsive medical treatment. Those with a cough should be provided masks as soon as they inform staff of this symptom or staff notice this symptom.

17. The measures I propose above are baseline steps to help slow the spread of COVID-19 in all facilities. However, each correctional facility has its own unique combination of physical structure and layout, operations, policies, logistics, inmate characteristics, and staffing factors that determine what additional measures may be necessary to minimize the spread of COVID-19. Only a public health expert who is able to review a particular facility firsthand can account for all of those factors and provide a meaningful and facility-specific opinion about what additional measures are necessary to reduce the risk of transmission.

18. I declare under penalty of perjury that the foregoing is true and correct.

Executed on March 29, 2020.

Marc Stern, MD MPH

EXHIBIT A

SUMMARY OF EXPERIENCE

CORRECTIONAL HEALTH CARE CONSULTANT

2009 – PRESENT

Consultant in the design, management, and operation of health services in a correctional setting to assist in evaluating, monitoring, or providing evidence-based, cost-effective care consistent with constitutional mandates of quality.

Current activities include:

- COVID-19 Medical Advisor, National Sheriffs Association (2020 -)
- Advisor to various jails in Washington State on patient safety, health systems, and related health care and custody staff activities and operations, and RFP and contract generation (2014 -)
- Consultant to the US Department of Justice, Civil Rights Division, Special Litigation Section. Providing investigative support and expert medical services pursuant to complaints regarding care delivered in any US jail, prison, or detention facility. (2010 -) (no current open cases)
- Physician prescriber/trainer for administration of naloxone by law enforcement officers for the Olympia, Tumwater, Lacey, Yelm, and Evergreen College Police Departments (2017 -)
- Consultant to the Civil Rights Enforcement Section, Office of the Attorney General of California, under SB 29, to review the healthcare-related conditions of confinement of detainees confined by Immigration and Customs Enforcement in California facilities (2017 -)
- Rule 706 Expert to the Court, US District Court for the District of Arizona, in the matter of Parsons v. Ryan (2018 -)

Previous activities include:

- Consultant to Human Rights Watch to evaluate medical care of immigrants in Homeland Security detention (2016 - 2018)
- Consultant to Broward County Sheriff to help develop and evaluate responses to a request for proposals (2017 - 2018)
- Member of monitoring team (medical expert) pursuant to Consent Agreement between US Department of Justice and Miami-Dade County (Unites States of America v Miami-Dade County, *et al.*) regarding, *entre outre*, unconstitutional medical care. (2013 - 2016)
- Jointly appointed Consultant to the parties in Flynn v Walker (formerly Flynn v Doyle), a class action lawsuit before the US Federal District Court (Eastern District of Wisconsin) regarding Eighth Amendment violations of the health care provided to women at the Taycheedah Correctional Institute. Responsible for monitoring compliance with the medical component of the settlement. (2010 - 2015)
- Consultant on “Drug-related Death after Prison Release,” a research grant continuing work with Dr. Ingrid Binswanger, University of Colorado, Denver, examining the causes of, and methods of reducing deaths after release from prison to the community. National Institutes of Health Grant R21 DA031041-01. (2011 - 2016)
- Consultant to the US Department of Homeland Security, Office for Civil Rights and Civil Liberties. Providing investigative support and expert medical services pursuant to complaints regarding care received by immigration detainees in the custody of U.S. Immigration and Customs Enforcement. (2009 - 2014)
- Special Master for the US Federal District Court (District of Idaho) in Balla v Idaho State Board of Correction, *et al.*, a class action lawsuit alleging Eighth Amendment violations in provision of health care at the Idaho State Correctional Institution. (2011 - 2012)
- Facilitator/Consultant to the US Department of Justice, Office of Justice Programs, Bureau of Justice Statistics, providing assistance and input for the development of the first National Survey of Prisoner Health. (2010-2011)
- Project lead and primary author of National Institute of Corrections’ project entitled “Correctional Health Care Executive Curriculum Development,” in collaboration with National Commission on Correctional Health Care. NIC commissioned this curriculum for its use to train executive leaders from jails and prisons across the nation to better manage the health care missions of their facilities. Cooperative Agreement 11AD11GK18, US Department of Justice, National Institute of Corrections. (2011 - 2015)

- Co-teacher, with Jaye Anno, Ph.D., for the National Commission on Correctional Health Care, of the Commission’s standing course, *An In-Depth Look at NCCHC’s 2008 Standards for Health Services in Prisons and Jails* taught at its national meetings. (2010 - 2013)
- Contributor to 2014 Editions of Standards for Health Services in Jails and Standards for Health Services in Prisons, National Commission on Correctional Health Care. (2013)
- Consultant to the California Department of Corrections and Rehabilitation court-appointed Receiver for medical operations. Projects included:
 - Assessing the Receiver’s progress in completing its goal of bringing medical care delivered in the Department to a constitutionally mandated level. (2009)
 - Providing physician leadership to the Telemedicine Program Manager tasked with improving and expanding the statewide use of telemedicine. (2009)
- Conceived, co-designed, led, and instructed in American College of Correctional Physicians and National Commission on Correctional Health Care’s Medical Directors Boot Camp (now called Leadership Institute), a national training program for new (Track “101”) and more experienced (Track “201”) prison and jail medical directors. (2009 - 2012)
- Participated as a member of a nine-person Delphi expert consensus panel convened by Rand Corporation to create a set of correctional health care quality standards. (2009)
- Convened a coalition of jails, Federally Qualified Health Centers, and community mental health centers in ten counties in Washington State to apply for a federal grant to create an electronic network among the participants that will share prescription information for the correctional population as they move among these three venues. (2009 - 2010)
- Participated as a clinical expert in comprehensive assessment of Michigan Department of Corrections as part of a team from the National Commission on Correctional Health Care. (2007)
- Provided consultation to Correctional Medical Services, Inc., St. Louis (now Corizon), on issues related to development of an electronic health record. (2001)
- Reviewed cases of possible professional misconduct for the Office of Professional Medical Conduct of the New York State Department of Health. (1999 – 2001)
- Advised Deputy Commissioner, Indiana State Board of Health, on developing plan to reduce morbidity from chronic diseases using available databases. (1992)
- Provided consultation to Division of General Medicine, University of Nevada at Reno, to help develop a new clinical practice site combining a faculty practice and a supervised resident clinic. (1991)

OLYMPIA BUPRENORPHINE CLINIC, OLYMPIA, WASHINGTON 2019 - PRESENT

Volunteer practitioner at a low-barrier clinic to providing Medication Assisted Treatment (buprenorphine) to opioid dependent individuals wishing to begin treatment, until they can transition to a long-term treatment provider

OLYMPIA FREE CLINIC, OLYMPIA, WASHINGTON 2017 - PRESENT

Volunteer practitioner providing episodic care at a neighborhood clinic which provides free care to individuals without health insurance until they can find a permanent medical home

OLYMPIA UNION GOSPEL MISSION CLINIC, OLYMPIA, WASHINGTON 2009 – 2014

Volunteer practitioner providing primary care at a neighborhood clinic which provides free care to individuals without health insurance until they can find a permanent medical home; my own patient panel within the practice focuses on individuals recently released jail and prison.

WASHINGTON STATE DEPARTMENT OF CORRECTIONS 2002 – 2008

Assistant Secretary for Health Services/Health Services Director, 2005 – 2008

Associate Deputy Secretary for Health Care, 2002 – 2005

Responsible for the medical, mental health, chemical dependency (transiently), and dental care of 15,000 offenders in total confinement. Oversaw an annual operating budget of \$110 million and 700 health care staff.

- As the first incumbent ever in this position, ushered the health services division from an operation of 12 staff in headquarters, providing only consultative services to the Department, to an operation with direct authority and

responsibility for all departmental health care staff and budget. As part of new organizational structure, created and filled statewide positions of Directors of Nursing, Medicine, Dental, Behavioral Health, Mental Health, Psychiatry, Pharmacy, Operations, and Utilization Management.

- Significantly changed the culture of the practice of correctional health care and the morale of staff by a variety of structural and functional changes, including: ensuring that high ethical standards and excellence in clinical practice were of primordial importance during hiring of professional and supervisory staff; supporting disciplining or career counseling of existing staff where appropriate; implementing an organizational structure such that patient care decisions were under the final direct authority of a clinician and were designed to ensure that patient needs were met, while respecting and operating within the confines of a custodial system.
- Improved quality of care by centralizing and standardizing health care operations, including: authoring a new Offender Health Plan defining patient benefits based on the Eighth Amendment, case law, and evidence-based medicine; implementing a novel system of utilization management in medical, dental, and mental health, using the medical staffs as real-time peer reviewers; developing a pharmacy procedures manual and creating a Pharmacy and Therapeutics Committee; achieving initial American Correctional Association accreditation for 13 facilities (all with almost perfect scores on first audit); migrating the eight individual pharmacy databases to a single central database.
- Blunted the growth in health care spending without compromising quality of care by a number of interventions, including: better coordination and centralization of contracting with external vendors, including new statewide contracts for hospitalization, laboratory, drug purchasing, radiology, physician recruitment, and agency nursing; implementing a statewide formulary; issuing quarterly operational reports at the state and facility levels.
- Piloted the following projects: direct issuance of over-the-counter medications on demand through inmates stores (commissary), obviating the need for a practitioner visit and prescription; computerized practitioner order entry (CPOE); pill splitting; ER telemedicine.
- Oversaw the health services team that participated variously in pre-design, design, or build phases of five capital projects to build complete new health units.

NEW YORK STATE DEPARTMENT OF CORRECTIONAL SERVICES

2001 – 2002

Regional Medical Director, Northeast Region, 2001 – 2002

Responsible for clinical oversight of medical services for 14,000 offenders in 14 prisons, including one (already) under court monitoring.

- Oversaw contract with vendor to manage 60-bed regional infirmary and hospice.
- Coordinated activities among the Regional Medical Unit outpatient clinic, the Albany Medical College, and the 13 feeder prisons to provide most of the specialty care for the region.
- Worked with contracting specialists and Emergency Departments to improve access and decrease medical out-trips by increasing the proportion of scheduled and emergency services provided by telemedicine.
- Provided training, advice, and counseling to practitioners and facility health administrators in the region to improve the quality of care delivered.

CORRECTIONAL MEDICAL SERVICES, INC. (now CORIZON)

2000 – 2001

Regional Medical Director, New York Region, 2000 – 2001

Responsible for clinical management of managed care contract with New York State Department of Correctional Services to provide utilization management services for the northeast and northern regions of New York State and supervision of the 60-bed regional infirmary and hospice.

- Migrated the utilization approval function from one of an anonymous rule-based “black box” to a collaborative evidence-based decision making process between the vendor and front-line clinicians.

MERCY INTERNAL MEDICINE, ALBANY, NEW YORK

1999 – 2000

Neighborhood three-physician internal medicine group practice.

Primary Care Physician, 1999 – 2000 (6 months)

Provided direct primary care to a panel of community patients during a period of staff shortage.

ALBANY COUNTY CORRECTIONAL FACILITY, ALBANY, NEW YORK

1998 – 1999

Acting Facility Medical Director, 1998 – 1999

Directed the medical staff of an 800 bed jail and provided direct patient care following the sudden loss of the Medical Director, pending hiring of a permanent replacement. Coordinated care of jail patients in local hospitals. Provided consultation to the Superintendent on improvements to operation and staffing of medical unit and need for privatization.

VETERANS ADMINISTRATION MEDICAL CENTER, ALBANY, NY

1992 – 1998

Assistant Chief, Medical Service, 1995 – 1998

Chief, Section of General Internal Medicine and Emergency Services, 1992 – 1998

Responsible for operation of the general internal medicine clinics and the Emergency Department.

- Designed and implemented an organizational and physical plant makeover of the general medicine ambulatory care clinic from an episodic-care driven model with practitioners functioning independently supported by minimal nursing involvement, to a continuity-of-care model with integrated physician/mid-level practitioner/registered nurse/licensed practice nurse/practice manager teams.
- Led the design and opening of a new Emergency Department.
- As the VA Section Chief of Albany Medical College’s Division of General Internal Medicine, coordinated academic activities of the Division at the VA, including oversight of, and direct teaching in, ambulatory care and inpatient internal medicine rotations for medical students, residents, and fellows. Incorporated medical residents as part of the general internal medicine clinics. Awarded \$786,000 Veterans Administration grant (“PRIME I”) over four years for development and operation of educational programs for medicine residents and students in allied health professions (management, pharmacy, social work, physician extenders) wishing to study primary care delivery.

ERIE COUNTY HEALTH DEPARTMENT, BUFFALO, NY

1988 – 1990

Director of Sexually Transmitted Diseases (STD) Services, 1989 – 1990

Staff Physician, STD Clinic, 1988 – 1989

Staff Physician, Lackawanna Community Health Center, 1988 – 1990

Provided leadership and patient care services in the evaluation and treatment of STDs. Successfully reorganized the county’s STD services which were suffering from mismanagement and were under public scrutiny. Provided direct patient care services in primary care clinic for underserved neighborhood.

UNION OCCUPATIONAL HEALTH CENTER, BUFFALO, NY

1988 – 1990

Staff Physician, 1988 – 1990

Provided direct patient care for the evaluation of occupationally-related health disorders.

VETERANS ADMINISTRATION MEDICAL CENTER, BUFFALO, NY

1985 – 1990

Chief Outpatient Medical Section and Primary Care Clinic, 1986 – 1988

VA Section Head, Division of General Internal Medicine, University of Buffalo, 1986 – 1988

- Developed and implemented a major restructuring of the general medicine ambulatory care clinic to reduce fragmentation of care by introduction of a continuity-of-care model with a physician/nurse team approach.

Medical Director, Anticoagulation Clinic 1986 – 1990

Staff Physician, Emergency Department, 1985 – 1986

FACULTY APPOINTMENTS

2007 – present	Affiliate Assistant Professor, Department of Health Services, School of Public Health, University of Washington
1999 – present	Clinical Professor, Fellowship in Applied Public Health (previously Volunteer Faculty, Preventive Medicine Residency), University at Albany School of Public Health
1996 – 2002	Volunteer Faculty, Office of the Dean of Students, University at Albany
1992 – 2002	Associate Clinical/Associate/Assistant Professor of Medicine, Albany Medical College

1993 – 1997 Clinical Associate Faculty, Graduate Program in Nursing, Sage Graduate School
 1990 – 1992 Instructor of Medicine, Indiana University
 1985 – 1990 Clinical Assistant Professor of Medicine, University of Buffalo
 1982 – 1985 Clinical Assistant Instructor of Medicine, University of Buffalo

OTHER PROFESSIONAL ACTIVITIES

2016 – present Chair, Education Committee, Academic Consortium on Criminal Justice Health
 2016 – present Washington State Institutional Review Board (“Prisoner Advocate” member)
 2016 – 2017 Mortality Reduction Workgroup, American Jail Association
 2013 – present Conference Planning Committee – Medical/Mental Health Track, American Jail Association
 2013 – 2016 “Health in Prisons” course, Bloomberg School of Public Health, Johns Hopkins University/International Committee of the Red Cross
 2013 – present Institutional Review Board, University of Washington (“Prisoner Advocate” member),
 2011 – 2012 Education Committee, National Commission on Correctional Health Care
 2007 – present National Advisory Committee, COCHS (Community–Oriented Correctional Health Services)
 2004 – 2006 Fellow’s Advisory Committee, University of Washington Robert Wood Johnson Clinical Scholar Program
 2004 External Expert Panel to the Surgeon General on the “Call to Action on Correctional Health Care”
 2003 – present Faculty Instructor, Critical Appraisal of the Literature Course, Family Practice Residency Program, Providence St. Peter Hospital, Olympia, Washington
 2001 – present Chair/Co-Chair, Education Committee, American College of Correctional Physicians
 1999 – present Critical Appraisal of the Literature Course, Preventive Medicine Residency Program, New York State Department of Health/University at Albany School of Public Health
 1999 Co–Chairperson, Education Subcommittee, Workshop Submission Review Committee, Annual Meeting, Society of General Internal Medicine
 1997 – 1998 Northeast US Representative, National Association of VA Ambulatory Managers
 1996 – 2002 Faculty Mentor, Journal Club, Internal Medicine Residency Program, Albany Medical College
 1996 – 2002 Faculty Advisor and Medical Control, 5 Quad Volunteer Ambulance Service, University at Albany
 1995 – 1998 Preceptor, MBA Internship, Union College
 1995 Quality Assurance/Patient Satisfaction Subcommittee, VA National Curriculum Development Committee for Implementation of Primary Care Practices, Veterans Administration
 1994 – 1998 Residency Advisory Committee, Preventive Medicine Residency, New York State Department of Health/School of Public Health, University at Albany
 1993 Chairperson, Dean's Task Force on Primary Care, Albany Medical College
 1993 Task Group to develop curriculum for Comprehensive Care Case Study Course for Years 1 through 4, Albany Medical College
 1988 – 1989 Teaching Effectiveness Program for New Housestaff, Graduate Medical Dental Education Consortium of Buffalo
 1987 – 1990 Human Studies Review Committee, School of Allied Health Professions, University of Buffalo
 1987 – 1989 Chairman, Subcommittee on Hospital Management Issues and Member, Subcommittee on Teaching of Ad Hoc Committee to Plan Incoming Residents Training Week, Graduate Medical Dental Education Consortium of Buffalo
 1987 – 1988 Dean's Ad Hoc Committee to Reorganize "Introduction to Clinical Medicine" Course
 1987 Preceptor, Nurse Practitioner Training Program, School of Nursing, University of Buffalo
 1986 – 1988 Course Coordinator, Simulation Models Section of Physical Diagnosis Course, University of Buffalo
 1986 – 1988 Chairman, Service Chiefs' Continuity of Care Task Force, Veterans Administration Medical Center, Buffalo, New York
 1979 – 1980 Laboratory Teaching Assistant in Gross Anatomy, Université Libre de Bruxelles, Brussels, Belgium
 1973 – 1975 Instructor and Instructor Trainer of First Aid, American National Red Cross

- 1972 – 1975 Chief of Service or Assistant Chief of Operations, 5 Quad Volunteer Ambulance Service, University at Albany.
- 1972 – 1975 Emergency Medical Technician Instructor and Course Coordinator, New York State Department of Health, Bureau of Emergency Medical Services

REVIEWER/EDITOR

- 2019 – present Criminal Justice Review (reviewer)
- 2015 – present PLOS ONE (reviewer)
- 2015 – present Founding Editorial Board Member and Reviewer, Journal for Evidence-based Practice in Correctional Health, Center for Correctional Health Networks, University of Connecticut
- 2011 – present American Journal of Public Health (reviewer)
- 2010 – present International Advisory Board Member and Reviewer, International Journal of Prison Health
- 2010 – present Langeloth Foundation (grant reviewer)
- 2001 – present Reviewer and Editorial Board Member (2009 – present), Journal of Correctional Health Care
- 2001 – 2004 Journal of General Internal Medicine (reviewer)
- 1996 Abstract Committee, Health Services Research Subcommittee, Annual Meeting, Society of General Internal Medicine (reviewer)

- New York Academy of Medicine, New York; Mini-fellowship Teaching Evidence-Based Medicine, 1999

CERTIFICATION

- Provisional Teaching Certification for Biology, Chemistry, Physics, Grades 7–12, New York State Department of Education (expired), 1975
- Diplomate, National Board of Medical Examiners, 1983
- Diplomate, American Board of Internal Medicine, 1985
- Fellow, American College of Physicians, 1991
- License: Washington (#MD00041843, active); New York (#158327, inactive); Indiana (#01038490, inactive)
- “X” Waiver (buprenorphine), Department of Health & Human Services, 2018

MEMBERSHIPS

- 2019 – present Washington Association of Sheriffs and Police Chiefs
- 2005 – 2016 American Correctional Association/Washington Correctional Association
- 2004 – 2006 American College of Correctional Physicians (Member, Board of Directors, Chair Education Committee)
- 2000 – present American College of Correctional Physicians

RECOGNITION

B. Jaye Anno Award for Excellence in Communication, National Commission on Correctional Health Care. 2019
 Award of Appreciation, Washington Association of Sheriffs and Police Chiefs. 2018
 Armond Start Award of Excellence, American College of Correctional Physicians. 2010
 (First) Annual Preventive Medicine Faculty Excellence Award, New York State Preventive Medicine Residency Program, University at Albany School of Public Health/New York State Department of Health. 2010
 Excellence in Education Award for excellence in clinical teaching, Family Practice Residency Program, Providence St. Peter Hospital, Olympia, Washington. 2004
 Special Recognition for High Quality Workshop Presentation at Annual Meeting, Society of General Internal Medicine. 1996
 Letter of Commendation, House Staff Teaching, University of Buffalo. 1986

WORKSHOPS, SEMINARS, PRESENTATIONS, INVITED LECTURES

It's the 21st Century – Time to Bid Farewell to “Sick Call” and “Chronic Care Clinic”. Annual Conference, National Commission on Correctional Health Care. Fort Lauderdale, Florida. 2019

HIV and Ethics – Navigating Medical Ethical Dilemmas in Corrections. Keynote Speech, 14th Annual HIV Care in the Correctional Setting. AIDS Education and Training Program (AETC) Mountain West, Olympia, Washington. 2019

Preventing Jail Deaths. Jail Death Review and Investigations: Best Practices Training Program, American Jail Association, Arlington, Virginia. 2018

How to Investigate Jail Deaths. Jail Death Review and Investigations: Best Practices Training Program, American Jail Association, Arlington, Virginia. 2018

Executive Manager Program in Correctional Health. 4-day training for custody/health care teams from jails and prisons on designing safe and efficient health care systems. National Institute for Corrections Training Facility, Aurora, Colorado, and other venues in Washington State. Periodically. 2014 – present

Medical Ethics in Corrections. Criminal Justice 441 – Professionalism and Ethical Issues in Criminal Justice. University of Washington, Tacoma. Recurring seminar. 2012 – present

Medical Aspects of Deaths in ICE Custody. Briefing for U.S. Senate staffers, Human Rights Watch. Washington, D.C. 2018

Jails' Role in Managing the Opioid Epidemic. Panelist. Washington Association of Sheriffs and Police Chiefs Annual Conference. Spokane, Washington. 2018

Contract Prisons and Contract Health Care: What Do We Know? Behind Bars: Ethics and Human Rights in U.S. Prisons Conference. Center for Bioethics – Harvard Medical School/Human Rights Program – Harvard Law School. Boston, Massachusetts. 2017

Health Care Workers in Prisons. (With Dr. J. Wesley Boyd) Behind Bars: Ethics and Human Rights in U.S. Prisons Conference. Center for Bioethics – Harvard Medical School/Human Rights Program – Harvard Law School. Boston, Massachusetts. 2017

Prisons, Jails and Medical Ethics: Rubber, Meet Road. Grand Rounds. Touro Medical College. New York, New York. 2017

Jail Medical Doesn't Have to Keep You Up at Night – National Standards, Risks, and Remedies. Washington Association of Counties. SeaTac, Washington. 2017

Prison and Jail Health Care: What do you need to know? Grand Rounds. Providence/St. Peters Medical Center. Olympia, Washington. 2017

Prison Health Leadership Conference. 2-Day workshop. International Corrections and Prisons Association/African Correctional Services Association/Namibian Corrections Service. Omaruru, Namibia. 2016; 2018

- What Would YOU Do? Navigating Medical Ethical Dilemmas.* Spring Conference. National Commission on Correctional Health Care. Nashville, Tennessee. 2016
- Improving Patient Safety.* Spring Provider Meeting. Oregon Department of Corrections. Salem, Oregon 2016
- A View from the Inside: The Challenges and Opportunities Conducting Cardiovascular Research in Jails and Prisons.* Workshop on Cardiovascular Diseases in the Inmate and Released Prison Population. The National Heart, Lung, and Blood Institute. Bethesda, Maryland. 2016
- Why it Matters: Advocacy and Policies to Support Health Communities after Incarceration.* At the Nexus of Correctional Health and Public Health: Policies and Practice session. Panelist. American Public Health Association Annual Meeting. Chicago, Illinois. 2015
- Hot Topics in Correctional Health Care.* Presented with Dr. Donald Kern. American Jail Association Annual Meeting. Charlotte, North Carolina. 2015
- Turning Sick Call Upside Down.* Annual Conference. National Commission on Correctional Health Care. Dallas, Texas, 2015.
- Diagnostic Maneuvers You May Have Missed in Nursing School.* Annual Conference. National Commission on Correctional Health Care. Dallas, Texas. 2015
- The Challenges of Hunger Strikes: What Should We Do? What Shouldn't We Do?* Annual Conference. National Commission on Correctional Health Care. Dallas, Texas. 2015
- Practical and Ethical Approaches to Managing Hunger Strikes. Annual Practitioners' Conference. Washington Department of Corrections. Tacoma, Washington. 2015
- Contracting for Health Services: Should I, and if so, how?* American Jail Association Annual Meeting. Dallas, Texas. 2014
- Hunger Strikes: What should the Society of Correctional Physician's position be?* With Allen S, May J, Ritter S. American College of Correctional Physicians (Formerly Society of Correctional Physicians) Annual Meeting. Nashville, Tennessee. 2013
- Addressing Conflict between Medical and Security: an Ethics Perspective.* International Corrections and Prison Association Annual Meeting. Colorado Springs, Colorado. 2013
- Patient Safety and 'Right Using' Nurses.* Keynote address. Annual Conference. American Correctional Health Services Association. Philadelphia, Pennsylvania. 2013
- Patient Safety: Overuse, underuse, and misuse...of nurses.* Keynote address. Essentials of Correctional Health Care conference. Salt Lake City, Utah. 2012
- The ethics of providing healthcare to prisoners-An International Perspective.* Global Health Seminar Series. Department of Global Health, University of Washington, Seattle, Washington. 2012
- Recovery, Not Recidivism: Strategies for Helping People Who are Incarcerated.* Panelist. NAMI Annual Meeting, Seattle, Washington, 2012
- Ethics and HIV Workshop.* HIV/AIDS Care in the Correctional Setting Conference, Northwest AIDS Education and Training Center. Salem, Oregon. 2011
- Ethics and HIV Workshop.* HIV/AIDS Care in the Correctional Setting Conference, Northwest AIDS Education and Training Center. Spokane, Washington. 2011
- Patient Safety: Raising the Bar in Correctional Health Care.* With Dr. Sharen Barboza. National Commission on Correctional Health Care Mid-Year Meeting, Nashville, Tennessee. 2010
- Patient Safety: Raising the Bar in Correctional Health Care.* American Correctional Health Services Association, Annual Meeting, Portland, Oregon. 2010
- Achieving Quality Care in a Tough Economy.* National Commission on Correctional Health Care Mid-Year Meeting, Nashville, Tennessee, 2010 (Co-presented with Rick Morse and Helena Kim, PharmD.)
- Involuntary Psychotropic Administration: The Harper Solution.* With Dr. Bruce Gage. American Correctional Health Services Association, Annual Meeting, Portland, Oregon. 2010
- Evidence Based Decision Making for Non-Clinical Correctional Administrators.* American Correctional Association 139th Congress, Nashville, Tennessee. 2009
- Death Penalty Debate.* Panelist. Seattle University School of Law, Seattle, Washington. 2009

- The Patient Handoff – From Custody to the Community.* Washington Free Clinic Association, Annual Meeting, Olympia, Washington. Lacey, Washington. 2009
- Balancing Patient Advocacy with Fiscal Restraint and Patient Litigation.* National Commission on Correctional Health Care and American College of Correctional Physicians “Medical Directors Boot Camp,” Seattle, Washington. 2009
- Staff Management.* National Commission on Correctional Health Care and American College of Correctional Physicians “Medical Directors Boot Camp,” Seattle, Washington. 2009
- Management Dilemmas in Corrections: Boots and Bottom Bunks.* Annual Meeting, American College of Correctional Physicians, Chicago, Illinois. 2008
- Public Health and Correctional Health Care.* Masters Program in community-based population focused management – Populations at risk, Washington State University, Spokane, Washington. 2008
- Managing the Geriatric Population.* Panelist. State Medical Directors’ Meeting, American Corrections Association, Alexandria, Virginia. 2007
- I Want to do my own Skin Biopsies.* Annual Meeting, American College of Correctional Physicians, New Orleans, Louisiana. 2005
- Corrections Quick Topics.* Annual Meeting, American College of Correctional Physicians. Austin, Texas. 2003
- Evidence Based Medicine in Correctional Health Care.* Annual Meeting, National Commission on Correctional Health Care. Austin, Texas. 2003
- Evidence Based Medicine.* Excellence at Work Conference, Empire State Advantage. Albany, New York. 2002
- Evidence Based Medicine, Outcomes Research, and Health Care Organizations.* National Clinical Advisory Group, Integrail, Inc., Albany, New York. 2002
- Evidence Based Medicine.* With Dr. LK Hohmann. The Empire State Advantage, Annual Excellence at Work Conference: Leading and Managing for Organizational Excellence, Albany, New York. 2002
- Taking the Mystery out of Evidence Based Medicine: Providing Useful Answers for Clinicians and Patients.* Breakfast Series, Institute for the Advancement of Health Care Management, School of Business, University at Albany, Albany, New York. 2001
- Diagnosis and Management of Male Erectile Dysfunction – A Goal-Oriented Approach.* Society of General Internal Medicine National Meeting, San Francisco, California. 1999
- Study Design and Critical Appraisal of the Literature.* Graduate Medical Education Lecture Series for all housestaff, Albany Medical College, Albany, New York. 1999
- Male Impotence: Its Diagnosis and Treatment in the Era of Sildenafil.* 4th Annual CME Day, Alumni Association of the Albany-Hudson Valley Physician Assistant Program, Albany, New York. 1998
- Models For Measuring Physician Productivity.* Panelist. National Association of VA Ambulatory Managers National Meeting, Memphis, Tennessee. 1997
- Introduction to Male Erectile Dysfunction and the Role of Sildenafil in Treatment.* Northeast Regional Meeting Pfizer Sales Representatives, Manchester Center, Vermont. 1997
- Male Erectile Dysfunction.* Topics in Urology, A Seminar for Primary Healthcare Providers, Bassett Healthcare, Cooperstown, New York. 1997
- Evaluation and Treatment of the Patient with Impotence: A Practical Primer for General Internists.* Society of General Internal Medicine National Meeting, Washington D.C. 1996
- Impotence: An Update.* Department of Medicine Grand Rounds, Albany Medical College, Albany, New York. 1996
- Diabetes for the EMT First-Responder.* Five Quad Volunteer Ambulance, University at Albany. Albany, New York. 1996
- Impotence: An Approach for Internists.* Medicine Grand Rounds, St. Mary's Hospital, Rochester, New York. 1994
- Male Impotence.* Common Problems in Primary Care Precourse. American College of Physicians National Meeting, Miami, Florida. 1994
- Patient Motivation: A Key to Success.* Tuberculosis and HIV: A Time for Teamwork. AIDS Program, Bureau of Tuberculosis Control – New York State Department of Health and Albany Medical College, Albany, New York. 1994

Recognizing and Treating Impotence. Department of Medicine Grand Rounds, Albany Medical College, Albany, New York. 1992

Medical Decision Making: A Primer on Decision Analysis. Faculty Research Seminar, Department of Family Practice, Indiana University, Indianapolis, Indiana. 1992

Effective Presentation of Public Health Data. Bureau of Communicable Diseases, Indiana State Board of Health, Indianapolis, Indiana. 1991

Impotence: An Approach for Internists. Housestaff Conference, Department of Medicine, Indiana University, Indianapolis, Indiana. 1991

Using Electronic Databases to Search the Medical Literature. NIH/VA Fellows Program, Indiana University, Indianapolis, Indiana. 1991

Study Designs Used in Epidemiology. Ambulatory Care Block Rotation. Department of Medicine, Indiana University, Indianapolis, Indiana. 1991

Effective Use of Slides in a Short Scientific Presentation. Housestaff Conference, Department of Medicine, Indiana University, Indianapolis, Indiana. 1991

Impotence: A Rational and Practical Approach to Diagnosis and Treatment for the General Internist. Society of General Internal Medicine National Meeting, Washington D.C. 1991

Nirvana and Audio-Visual Aids. With Dr. RM Lubitz. Society of General Internal Medicine, Midwest Regional Meeting, Chicago. 1991

New Perspectives in the Management of Hypercholesterolemia. Medical Staff, West Seneca Developmental Center, West Seneca, New York. 1989

Effective Use of Audio-Visual Aids. Nurse Educators, American Diabetes Association, Western New York Chapter, Buffalo, New York. 1989

Management of Diabetics in the Custodial Care Setting. Medical Staff, West Seneca Developmental Center, West Seneca, New York, 1989

Effective Use of Audio-Visuals in Diabetes Peer and Patient Education. American Association of Diabetic Educators, Western New York Chapter, Buffalo, New York. 1989

Pathophysiology, Diagnosis and Care of Diabetes. Nurse Practitioner Training Program, School of Nursing, University of Buffalo, Buffalo, New York. 1989

Techniques of Large Group Presentations to Medical Audiences – Use of Audio-Visuals. New Housestaff Training Program, Graduate Medical Dental Education Consortium of Buffalo, Buffalo, New York. 1988
